

We need to have the whole family present for the zoom call. During the zoom, we will ask you to turn the camera around and let us see your space.

Please don't clean up! We aren't interested in your style or housekeeping but looking to help with cat proofing.

We do the same with our foster homes to ensure the best fit with cats and help to highlight the best areas in the home for the cat, along with potential dangers.

I look forward to meeting with you!

Kittens that are not yet old enough to be spayed are \$100.**

Adult cats and kittens over 5 months that have been spayed/neutered are \$295.

(Adoption fees may include spay/neuter and vaccines as age and health appropriate, a microchip implant done at the time of spay/neuter.

Many of our rescued cats have also had blood panels run, dental surgeries and other necessary procedures as per their specific needs)

***Note that someone from our agency will “visit” your home via Zoom, Facetime, or Skype to allow you to meet the cat(s) and to conduct a home check prior to the adoption of a cat.**

Thank you for your time and effort completing the pre adoption questionnaire. One of our volunteers will be in touch shortly by telephone to speak with you about adoption.

If however, we feel the cat you have chosen is not a good match we will reply via email with an explanation; and we may suggest considering a different cat.

Thank you!
